Victoria Association

VOLUME 10

NUMBER

NEWSLETTER

April 24, 1995

VICTORIA ASSOCIATION

So far, no one has volunteered to do the newsletter. The next issue which will be out about October of this year will probably be the last newsletter.

The Victoria Association WILL CONTINUE to operate for the members. I will be here to answer questions and help you solve your problems. All my answers will be by letter and if you want a return call, it will be collect.

As of this writing, we still have 135 members to the Association. This is down only 30 members which is about the normal turnover at the end of the year.

MODEL A FORD FOUNDATION AND THE VICTORIA ASSOCIATION

The Victoria Association had a surplus of money in the treasury and I made a proposal to the Executive Committee that we donate some of the surplus to a worthy Model A Cause. My proposal was to donate \$1,000 to the Model A Ford Foundation. This will be a big benefit to the foundation and it will help Model A'ing for the future. The executive committee voted unanimously to make the donation. This has been done. Please see the letter from Howard Minners, President of the Model A Ford Foundation, enclosed in this newsletter.

I certainly hope that all of the members concur with this donation.

MANY THANK YOU LETTERS

I received many letters of thanks for doing the newsletter over the past 10 years. I want to thank all of you that took the time to write. I appreciate all of them. All of the letters certainly make me feel like all my work was appreciated. I am happy I was able to help so many Victoria Owners over the years. I would like to print Johnny Brutcher's letter as it pretty well summed up what everyone had to say.

Hi Charlie,

'Twas with a sad heart that I began our most recent Victoria Newsletter, thought not without understanding mind. What you have done for all Victoria owners cannot be compensated by mere words alone. Your drive, determination and attention to our needs will be unmatched in my book.

I feel quite fortunate to hav gone thru the major portion of the restoration of my '31 Leatherback with a gentleman such as yourself to help answer all those nearly impossible questions. Again, many thanks to you sir.

Johnny Brutcher

P.S.

You may print this if you wish.

BACK ISSUES

The back issues to the newsletters have been available, over the years, and at our cost. Most new mew members purchase these back issues because they contain a lot of Victoria information.

I am rapidly running out of these past issues and they will not be re-printed.

It may come to pass that some of you may want to sell your back issues. If you do, let me know so I can pass the information on to the persons wanting the issues.

VICTORIA SHADE ORDER

The lady that is making our shades is on her vacation to Germany. She is due back at the end of the month and I think she will get on our order soon after her return.

For those of you that have sent in your checks in advance, Do not worry about your money. I am taking care of it and will not send her a deposit until she starts on the shades. This is exactly what we did on the last order and everything worked out fine.

For the new members to the association, let me say that the shade order is full and there is a waiting list for extra shades if they become available. I have a list of everyone that has ordered the shades and the order will be filled in which they were received by me.

Just hang in there, I'll ship the shades when I receive them. For those that have not paid, I will advise you when to send the money. (That will be when I have to send the deposit.)

DRIVER'S SEAT

I have had some inquiries about the drivers seat bottom. In the July '92 newsletter on page 11 there are photos of the early and late seat bottoms. You will notice that on the drivers seat frame, at the left front corner, it is tapered. This is correct for both the early and late seats. The difference in the two frames is: the late seat was the sliding adjustable seat. The late seat was made up of solid oak and put together at the corners. The early seat bottom was a full 3/4 seven ply, plywood. Be sure to use a good grade of wood. The late seat had a large hole in the center whereby the early seat had 9 holes cut out of the bottom.

Any questions?

See photo page for Don Crum's photo.

REPRINTING VICTORIA ARTICLES

I have been asked if members can reprint articles from the Victoria Newsletters in their club newsletters. The answer is YES, if credit is given to the Victoria Association Newsletter.

REAR FENDERS

I have been asked what other rear Model A fenders fit the Victoria. Bill Bond tells me that the 4 dr sedan will fit.

VICTORIA PATCHES

I still have about 50 Victoria patches left. If any of you would like to have this beautiful patch, send me \$2 for each, this includes postage.

The patch is white with black Victoria and lettering. The Victoria is the same as on the newsletter heading.

REAR BUMPER BRACKET

In the October '93 (Vol. 8 #4 newsletter on page 6,) there is a drawing of a rear bumper bracket. I MUST POINT OUT THAT IT IS NOT FOR A VICTORIA. One of our members, Tim O'Brien was looking for this bracket which is for an A-400, They are not exactly the same as for the Victoria. I'm sorry if this confused any of you.

FRONT SEAT LEGS

One of our members wrote to ask about the rear legs for the front seats. I answered to the wrong member and do not know who I was supposed answer. I'm sorry for the mix up. The rear legs can be made by using 3/8 threaded rod and welding a throttle foot pad to the bottom of the rod.

BODY DOLLY

Leonard Hammermeister wrote and sent in photos of his body dolly. You will find the photos of this dolly in the photo section. Here's how he made it.

The base is made of 2 X 6, 3/4 plywood and six 2 inch casters. The "Teeter-totter" is made from 2 X 4, 2 X 12, and any scrap you have with a good bolt, or rod for a pivot point.

He did all his wood work, body work, sand blasting and paint on this dolly.

The best thing is that you can turn the body around to the light, and move it into a corner when you are not working on it. Also, you can tip it from one side to the other all by yourself.

Leonard also sent us some photos of the trunk he installed onto the rear of his Victoria. Look for them on the PHOTO PAGES.

OIL PUMP DRIVE GEAR

Leonard also sent a drawing of the USA made oil pump drive gear which has the oil groove cut in the wrong direction. He made a sketch of that gear as compared with the original. Please see this drawing in this newsletter.

Thanks, Leonard, for sending this to us.

LATE ARRIVING INFORMATION

Bert's Model A Ford Center has sent in a sheet of information with new items they have for sale and some items they need.

For those of you needing Victoria Parts, I suggest that you call Bert's on their 800 number 321-1931 and see if they can help you.

If any of you can help them locate the parts they need, it would be nice of you to help.

See the enclosed sheets .

Tom and Donna Bewley of Seattle are new members. They informed me that the Victoria they purchased is the Victoria shown in Henry's Lady on pages 227, 228, 229, 230 and 245. They certainly have a nice Victoria.

International Model A Ford Little Victoria Association

68 WINDJAMMER • FRISCO, TEXAS 75034 214/625-2922

March 3, 1995

Model A Ford Foundation, Inc. Mr. Howard Minners - President 4700 Locust Hill Court Bethesda, MD 20814

Dear Howard:

The INTERNATIONAL MODEL A FORD VICTORIA ASSOCIATION takes great pleasure in presenting the enclosed check, in the amount of \$1,000, to the Model A Ford Foundation.

This donation may be used at the discretion of MAFFI.

The Victoria Association is aware that there are many MAFCA Chapters and MARC Regions with money in their treasuries. The Victoria Association issues a challenge to these Chapters and Regions to equal or better this donation to the Model A Ford Foundation.

I can think of no better way to spend "Model A" money than to help preserve this great automobile, it's history and traditions. Keep up the good work.

Yours sincerely,

The Victoria Association

Marka Mosis

Charlie Viosca - Director

A non-profit educational organization supported by tax deductible donations and gifts for the preservation of the Model "A" Ford automobile and its accessories and to preserve for the public that era in transportation history.

8 March 1995

Charlie Viosca, Director International Victoria Association 63 Windjammer Frisco, Texas 75034

Dear Charlie,

I was truly delighted to receive yesterday's mail which conveyed your letter of March 3rd. The Victoria Association's generous donation of \$1,000 to the Model A Ford Foundation is **most** welcome and appreciated. This qualifies the Victoria Association as a Platinum donor to MAFFI... our highest level of recognition. Congratulations!

I am very much attracted to your idea to challenge other Model A Clubs to equal or better your contribution. We will discuss the best ways to follow-up. One obvious approach would be to publish your letter in the MAFFI news-letter... the next one is due out in May/June. Another thought would be for MAFFI to write directly to Chapters and Regions. Alternatively, perhaps you yourself would consider issuing the challenge directly to your MAFCA and MARC counterparts. Such a more personal approach might have several merits, among them the spontaneity of your own giving coupled with somewhat more of an arms-length interest. I plan to telephone you following MAFFI's informal meeting at the MARC Membership Meet in Newburgh, NY, to discuss a coordinated approach.

I am not now certain, but I believe at least one MAFFI officer, Lyle Meek our Executive Director, plans to be at the High County Tour this summer. We will look into arranging a presentation photograph. As you know, our family attended the Mile High Tour several years ago and thoroughly enjoyed ourselves... how can you miss in such a glorious place!? But competing time commitments make it improbable that we can get there again this Summer.

Once again, many, many thanks for your very generous contribution to MAFFI and its efforts to preserve the Model A and its era for future generations.

Gratefully yours,

Howard A. Minners, President

Voward Chuner

4-19-98

Charlie,

I am writing for a couple of reasons. First, I hope that all is going well in the great state of Texas, and I hope you are happy and healthy. All is well here and the Model A business is booming.

I am in need of the following parts for a 31 Steelback Vic that we are finishing up for a customer of ours.

- 1. The piece of metal that is on the floor, under and behind and between the front seats, that the seats rest on when they are in the down position. It measures appx. 7" x 9"
- 2. The two pieces (Left and Right) that go on the front of the doors that the square window moulding screws to . They measure about 9" tall and have several D nuts in them. They are also used on the Slant WS 4 Door.
- If you have any leads on these items, please call me for free at 1-800-321-1931 from 9-4 Denver Time.

We have the following Victoria items for sale at this time.

- 1. Several sets of window frames for both the doors and the quarter windows and the rear window.
 - 2. Several window garnish mouldings.
- 3. Some window regulators, and also some rear window regulator holders. The metal pice that holds the rear window regulators.
 - 4. Several Victoria Dash Rails
 - 5. Windshield Wiper Motors
- 6. 1 Locking door handle, and several non Locking door Handles.
- 7. New Door Latch Springs for the remote door latch piece that the inside handle pins to.
- 8. All the seat pieces that we make-(See enclose literature)
- 9. Tens Of Thousands of other original Parts- We have been buying real heavy lately)

Give me a call, or please give out our phone #- 1-800-321-1931

Thanks,

Steve Becker

BERT'S MODEL A FORD CENTER

Model A Parts Dealer.

3560 Chestnut Place • Denver, CO 80216 (2 blks. west of 36th & Brighton Blvd.) (303) 293-FORD (3673)

We would like to introduce you to a few of the parts that we make here in Colorado. All of these parts are EXACT duplicates of the originals, and meet or exceed the quality of the original parts they were patterned after.

A-2786-AR BRAKE PAWL - Pits Early 1928 Pistol Grip style brake handle mounted in front of the shifter. Lazer cut from 4140 steel and thru heat treated to RC56. This pawl will outlast the rest of the car.

1-4 \$5.25 5-24 \$4.50 25- \$4.00

A-2786-A BRAKE PAWL - Fits Mid 1928 thru Mid 1929 center mounted brake handle. Lazer cut from 4140 steel and thru heat treated to RC56. These pawls have a sharp distinct end that will not need to be welded or dressed up in the future.

1-4 \$5.95 5-24 \$5.20 25- \$4.90

A-2786-B BRAKE PAWL - Fits Late 1929 thru 1934 brake handle mounted to the SIDE of the shifter. Same specs. as above and lazer cut, NOT a rough stamping like others now on the market. Heat treated and a sharp edge.

1-4 \$5.85 5-24 \$5.10 25- \$4.80

A-70124 SPAT ADJUSTER MECHANISM - Fits the adjustable seat on the Late 31 Tudor Sedan, Victoria, And Late 31 Coupe, and the Slant Windshield Fordor Sedans and Cabriolets. Also fits Most 32-34 Fords. Lazer cut exact copy of the original with the spring installed

1-4 \$51.50 5-24 \$42.50 25- \$40.25

 λ -70124-L SEAT RETURN SPRING - This is the spring used on the above mentioned cars, that pulls the seat back so it will lock in place.

1-4 \$2.50 5-24 \$2.07 25- \$1.90

A-70126 SEAT LATCH - Mounts to the floor. The seat adjuster (A-70124) slide thru this - Exact copy of the Original

1-4 \$19.50 5-24 \$16.50 25- \$15.80

A-70126-C SPRING CLIP - This clip is used on the late 31 Dlx. Tudor, Victoria , and 32-34 Tudors only. It screws to the seat bottom wood, and holds the end of the A-70124-L spring to the seat.

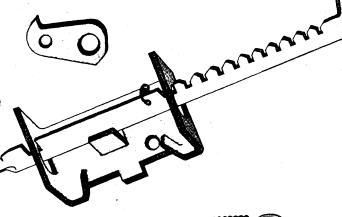

1-4 \$8.95 5-24 \$7.80 25- \$7.05

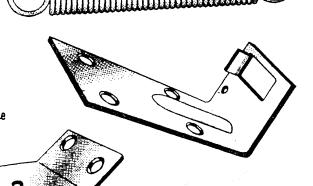

All of the above parts are Made In The USA -

Feel free to call us Tues - Fri 9-5 Mountain Time, of Fax us at 1-303-233-6392 amytime. We also sell the best Overdrive currently on the market. Call for details.

MEMBER'S ADVERTISEMENTS

FOR SALE ** FOR SALE

I manufacture Victoria items. Let me know your needs. I have the following in stock:

Modifired point & condenser system.

Female Dovetails
Visor Brackets (s/w cars).

Steering column cover plates for dropped steering.

Seat hinges for the early seats in the Victoria.

I will restore your shocks.

FOR SALE ** FOR SALE

I have decided to sell my Victoria. After so many years of not working on it I have decided to let someone else try and bring it back to life. It is a Leatherback, off the frame, with doors, rain gutters, and a full set of window frames and garnish moldings. All the wood is on the body but it all needs to be replaced. It has 3, '31 front fenders but no rear fenders or pan and the rear splash apron. No seats/no interior. \$3,000 takes it.

The International Model A Ford Victoria Association newsletter is a Body Style Chapter of the Model A Ford Club of America and a Region of the Model A Restorers Club. The purpose is to aid its members in the authentic restoration of this (Victoria) particular body style. To achieve this purpose the newsletter is published by the Editor on a completely volunteer basis. It is written, edited, typed printed and mailed from "PAWINDJammer, Prisco, Tx. 75034. It is our intent to furnish you with as accurate information as possible. Reprint or quotes from this newsletter is granted, provided due credit is given.

Dear Charlie,

First, let me say, how much I enjoyed seeing you in Tacoma and the Victoria seminar you conducted.

Enclosed is a picture of the leatherback Victoria I have been restoring little by little for over four years. The story behind this restoration might be quite helpful for other prospective Victoria buyers.

During 1989, I followed up an ad describing some Victoria garnish moldings and a '31 leatherback with just over 37,000 original miles??? in North Carolina. During a business trip to North Carolina, I purchased the garnish moldings and took a glance at the Victoria. After owning a steelback for many years, I thought it would be great to have a low mileage?? leatherback. Dealing mostly by phone from Oregon, I made a deal to purchase the car with nothing more than a cursory look at the car sitting in the back of a garage.

After bringing the car home on a trailer (almost 7000 miles), I began the job of finishing the restoration??? As I began to look closely, I discovered that almost everything had to be restored or replaced. There were parts on the running gear that I doubt could have worn that much in a half-million miles. I totally dismantled the car down to the bare frame and started over. The only parts I did not need to restore were the body wood, which was mostly new, and the leatherback top, which will need to be re-padded one of these days. The clutch and brake pedals did not show any wear as they were probably covered with rubber pads or replaced.

I have seven pages of items that were replaced or restored. I believe that we now have a Victoria ("Dixie") that we will enjoy for many years, and will chalk this one up to an experience that somebody of my age and Model A knowledge should have known better than to purchase an antique car by phone. It's hard to believe that I was so gullible to believe the low mileage story.

My only advice to others and myself, if this opportunity ever presents itself again, is to determine for yourself the condition of a car before making a purchase and be wary of stories about the car's history or condition.

Charlie, I also enclosed information on shade pulls that we discussed during the Tacoma seminar. I purchased three of the (C) pulls and am extremely pleased. They are beautiful and as good, or better, than the originals, however they are quite expensive. I sent this information to Bill Bond who said he was looking for a supplier during the meeting in Tacoma.

I would also like to again express my appreciation to you for providing us with the superb newsletters for the past ten years. It seems I have referred to the information in the newsletters hundreds of times during our latest restoration.

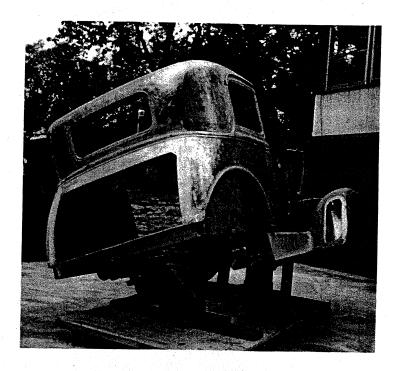

Enclosed is a check for the '95 dues and feel this is one of the best values we receive.

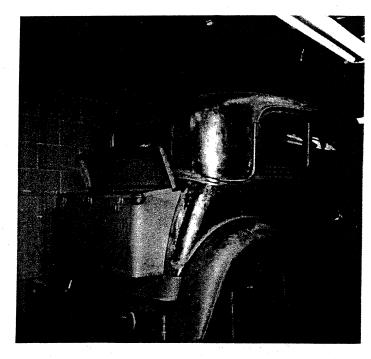

Thanks again.

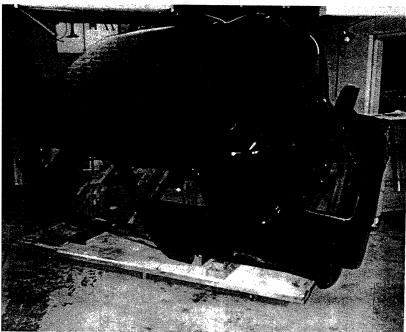

Sincerely

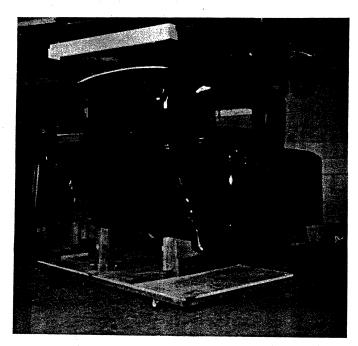

Jack Sperr

4074 Ibex St. N.E. Salem, OR 97305

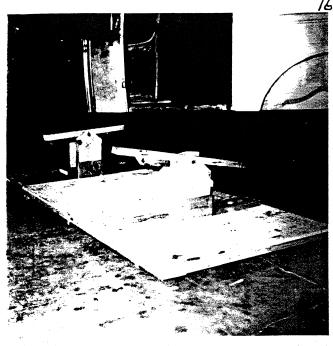

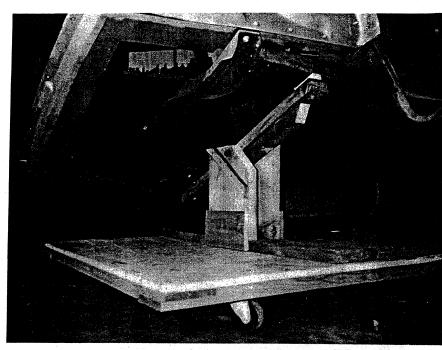

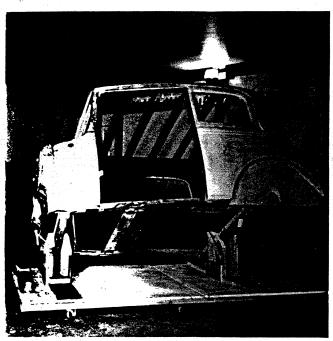

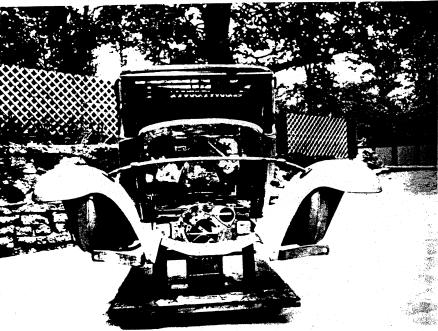

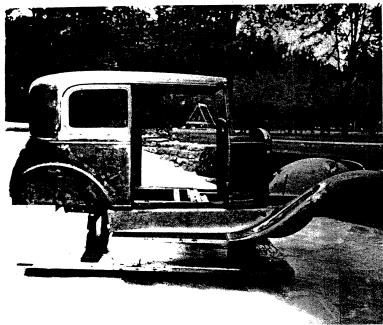

These four photos show how Leonard Hammermeister of Burton, MI installed a trunk on his Victoria. He really did a fine job of modifying the trunk and car so that it looks like a factory job. This is a driver.

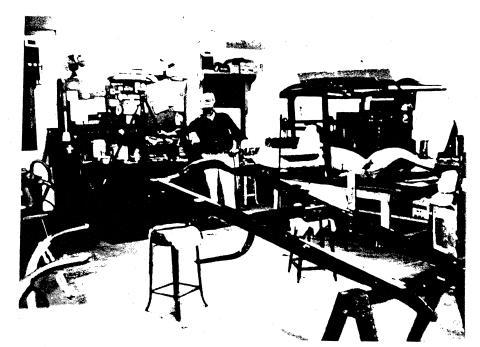

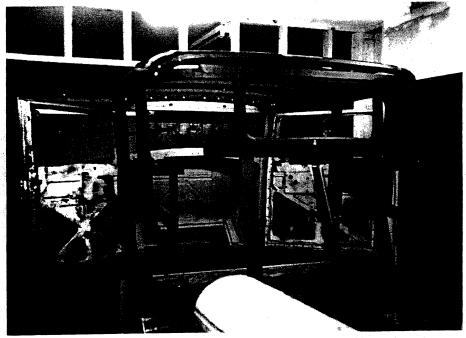

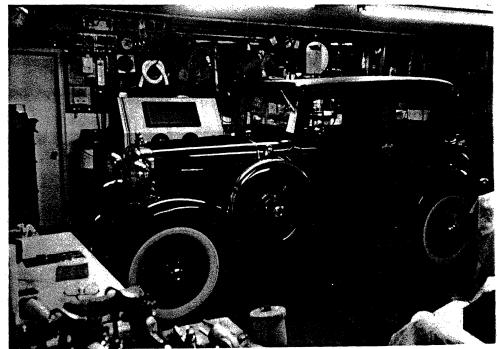

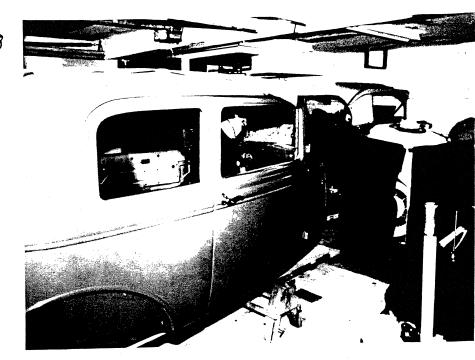

These photos show Leonard's Victoria and particularly his dolly and how nice it is to position the car to work on it as well as to move where you want to. Nice dolly and nice car.

These three photos are from William McElroy of Rittman, Ohio. Besides showing the wood frame, the car frame and finished car, it shows his very nice and complete shop. Sure looks like he has a lot of room and equipment.

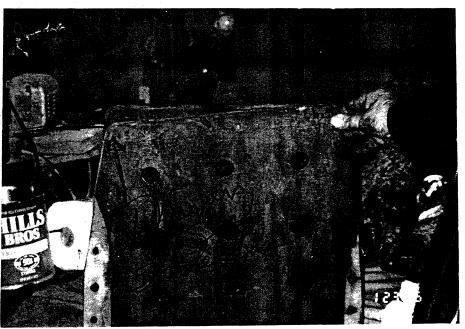

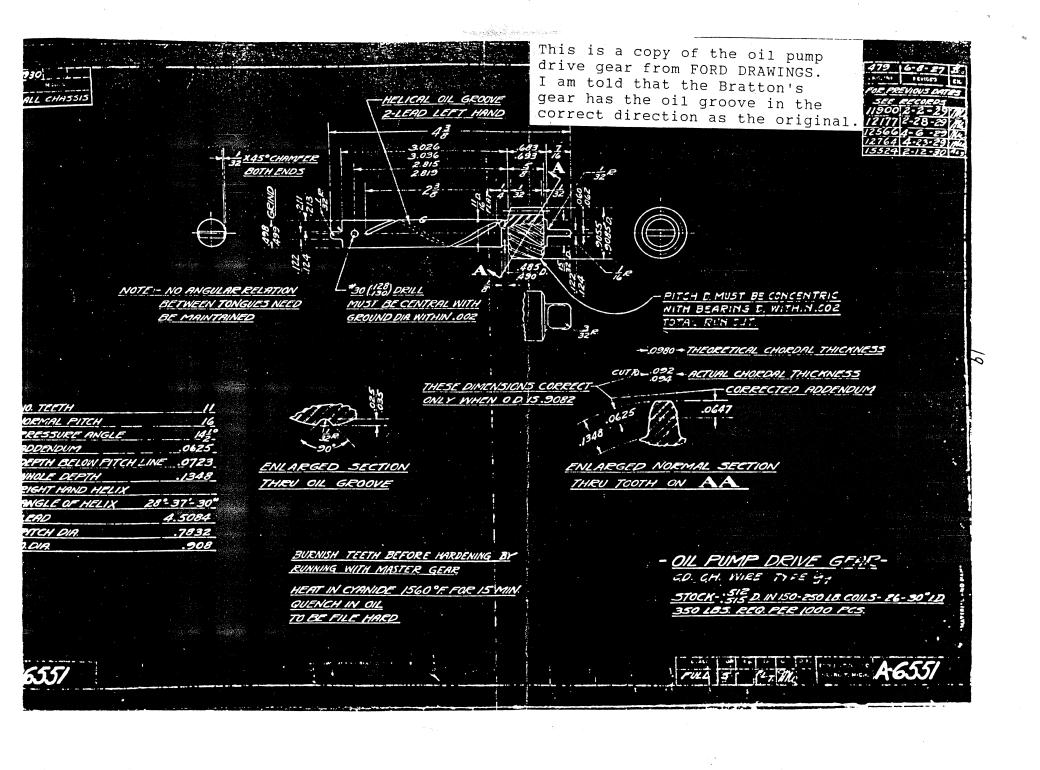

These two photos show Ralph Caporelli's Leatherback. It looks like Ralph also has a nice large shop. The Victoria should be ready pretty soon.

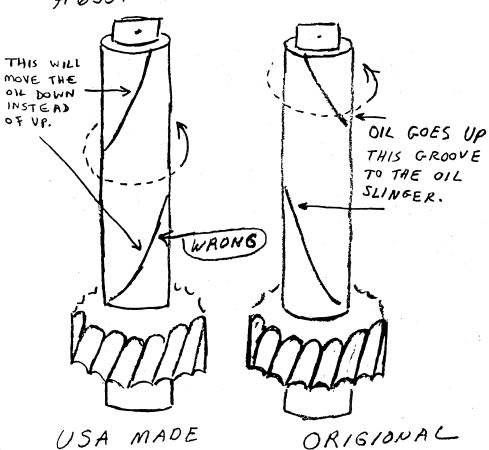

Don Crum sent in this photo of his front seat bottom. You will note that the front of the seat frame is tapered to the outside. This is the drivers seat.

The passenger seat, in back, is not tapered.

OIL PUMP DRIVE GEAR A-6551

I BROUGHT THIS OIL DRIVE GEAR THAT IS USA MADE IN A FORD LOGO PACKAGE AND THE OIL GROOVE IS CUT INTHE WRONG DIRECTION.

If you buy any oil pump drive gear, be sure it has the oil groove cut in the correct direction. Charlie Viosca
