## **Charlie Says!**

by Charlie Viosca

### **MARC and the scholarship:**

The first order of information in this Bustle is to advise you that MARC has told us in no uncertain terms that they are not a bit interested in participating in the scholarship award program. I am completely shocked that MARC would not participate in the scholarship to benefit the children and grandchildren of their members.

### **MAFCA and the scholarship:**

MAFCA is very much behind the scholarship and has been from the very first time it was introduced to the board. I am proud to say that we will be presenting three scholarships again this year. The scholarships will be awarded at the MAFCA Midwest Regional Driving Tour hosted by the Southwest Missouri Model A Club to be held in Springfield, MO June 15-20, 2003. I plan to be there to make the award presentations. We have answered 14 application requests and have already received two completed applications.

### **Victoria Association and the scholarship:**

Except for the Victoria Association new members, most of you know that the Sponsor of the Scholarship awards is our Victoria Association. I hope to see some of you members in Springfield. For those of you attending, please introduce yourselves to me. I always enjoy meeting all Model A'ers.

### **New Scholarship Board Secretary:**

I am very pleased to announce to the membership that we have a new Scholarship Board member for the position of Secretary. He is Mr. Vincent Mariola of Anaheim, CA. Vince is a member of the Orange County Model A Ford Club. The previous secretary, Steven Bryson is still overseas and at this time is unable to continue in that position. We appreciate all the work Steve put into his position. He was responsible for making up all the scholarship forms used from the application etc to the criteria used in the judging of the applicants. A big thank you to Steve for a job well done. Vince brings a wealth of background in the Model A and he is a well thought of member in the Orange County Model A Ford Club. In fact, he is referred to as the "God Father". Welcome aboard Vince. With the new applicants for the 2003 Scholarship coming in, we will put you to good use very soon.

### **New Index:**

I am happy to announce that our Victoria board member, David Ziegler, has completed the new Victoria Bustle index from the beginning to the present. David has spent considerable time and effort to bring the new index to us. All of the E-mail members were able to get the index from the E-mail attachment I sent. For those without E-mail, the index is available to you at our cost of printing and mailing. That cost is \$4.75. If you desire a copy, send a check made out to the Victoria Association in the amount of \$4.75. My address is: 11084 Windjammer Dr., Frisco, TX 75034. Our thanks to Kay Lee who originally compiled the index and kept up the revisions until she moved to England. I am happy to say Kay and her husband John are back living in Illinois. Good to have you back John and Kay.

### **Bustle back issues:**

I would like to remind the membership that all of the back issues of the Bustle are available including the index and a listing of the entire Victoria's registered with us. To obtain a copy, send a \$45 check to our treasurer, John Icenhower, 1613 Ryan Rd., Sulphur Springs, TX 75482. Remember, when paying dues or ordering items from the Victoria Association, always make the check out "Victoria Association". Neither John Icenhower nor myself should have club business checks made out to us personally.

### **Victoria logo decals:**

The Victoria Association has beautiful color stickers of our LOGO available for \$3.00 each. The Mylar stickers are made to install on your window glass from the inside. You can order them from me, Charlie Viosca, 11084 Windjammer Dr., Frisco, TX 75034.

### **Victoria Model A Maintenance Book:**

Shortly we will go to print with the third printing of the Pictorial Guide to the Model A Ford book. We are waiting on a new set of drawings by one of our members, Bob Bidonde. As soon as we receive the drawings, we can proceed with this project. The members will be advised in the Bustle and by e mail. Until next time.☺

# The Inside Story

by Frank Young

## The Victoria's bustle:

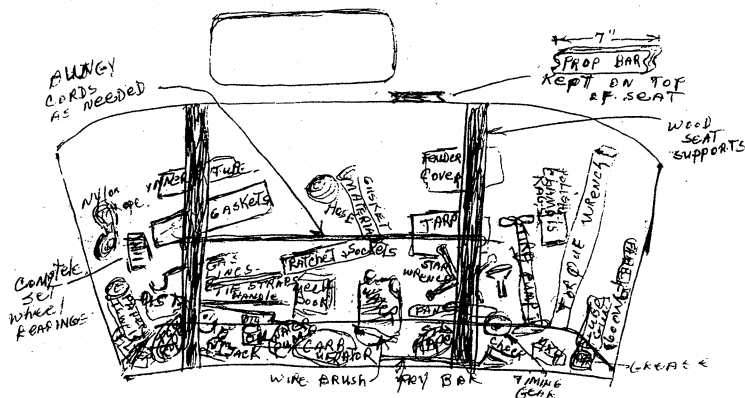

This is a story about how you can use the storage area in the bustle. First remove the rear seats and then with the metal walls showing you can cover them with indoor-outdoor carpeting, with liquid nail or contact cement. You can cut the pieces in sections and fit them against the bustle. The color gray works well because the items you are going to store will show up easier, but any color will work. When you are all done it looks like a padded room., which it is. This not only sound proofs the bustle but also acts as insulation from things hitting the metal. My Victoria is a long touring car so I stock it well. This adds an amount of weight to the vehicle, as well as the items under the rear seat.

## Cruising along:

The Victoria I drive is able to handle the additional weight quite well on long trips, and sometimes with the addition of a trunk on back. A high compression head, inserts, and full oil pressure allows it to cruise at 57-60 mph. The Victoria is a heavy car anyway and this added weight is carried with ease. I do not have an overdrive and there are 378 gears in the rear end.

## The sketch:

Here is a drawn picture of items the way they are stored in the bustle in my Victoria. I use a short stick that keeps the back seat propped away from the rear panel when I need to get something out of the bustle. With the aid of a flashlight it is made easier.

## The book:

I keep an inventory book, which is an old day planner book, the size of a check book. One page is marked "behind the rear seat" and another is marked "under the rear seat". When anything is needed, open the small book and you will know where the item is without fumbling through everything. To also know just where they are setting in the bustle, I made a cardboard map like above and keep it folded in the tool box. A 9X7 folded in thirds and the bustle items drawn like above make it easy to find with the aid of a flashlight. The items under the rear seat are also in the inventory book. If I travel with a trunk, I keep most items like the car cover and luggage in it.

## Travel in comfort:

The Victoria is a great tour car. My wife Joan loves it. She sits in the rear seat, folds down the front seat and puts her feet up and uses it like an ottoman when she is tired.

## For the short traveler:

You can use this method of padding and stocking your Victoria even if you are not a long distance traveler. The items under the rear seat are smaller and easier to reach such as ignition parts, hub puller, coil, radiator hoses, etc. When you remove and use a part from either place be sure to replace it so it will always be available.

## McGee's closet:

I know if you see my total supply of parts I take, most of you probably think it's more than you need or overkill. Of all the tours I have been on there have always been a use for one or part of these parts. During the trip to the Kansas MAFCA National in 2000 we were in Ripon, New Mexico and needed an upper goose neck for the radiator and didn't have one. It cracked and we had to get it welded. Now we carry a spare along. Most parts are wrapped in a rag with a tape label on it. We feel we can take care of most any problem on the road and if not, carry the membership roster of the Victoria Association and MARC and MAFCA. One of these members will help you. ☺

## Editor's note:

Frank Young lives in Los Angeles, California.

# ***Take It All With You***

by Tom Endy

## **The long tour:**

After reading Frank Young's article on page 8 it occurred to me that I also have a unique method of hauling a lot of stuff with me on a long tour. The area in the bustle behind the rear seat cushion I have reserved for tools and spare parts. The storage area under the rear bottom seat cushion does not exist because I modified the dropped floor pan by cutting part of it away and welding in a baffle to accommodate the Ryan overdrive that is installed in the car. A little shaving kit bag fits nicely under the front passenger seat. It contains minimal necessities to adjust the distributor, set timing and replace fuses.

## **A business coupe:**

A couple of years ago I had the car reupholstered. I had the upholsterer finish the back side panels so that they were flush with the floor. I cut a piece of plywood to fit neatly in place of the bottom rear seat cushion. The upholsterer trimmed the plywood with carpet and naugahyde trim to match the rest of the car. The rear seat cushion and the plywood panel are interchangeable. For a long tour I take the seat cushion out and replace it with the plywood. The appearance is much like that of a business coupe and it looks very nice. There is plenty of room to carry luggage, an ice chest, the pillows off the bed, and an ironing board.

## **Modifying the modified:**

I have heard that other Victoria owners have also installed the business coupe look. One person told me that he even cut little trap doors in the plywood panel so that he could access the storage area underneath without having to remove the panel.

## **A really long tour:**

A few years ago we went on a 3500 mile 16 day tour to Montana with another couple in their Model A. For this trip I borrowed Larry McSpeed's Mullins trailer. Miss Vic has a neat little trailer hitch installed in back and she hardly knew McSpeed was tugging at her skirts. We had plenty of room for all kinds of stuff in the trailer. We even put the ironing board back there. ☺

# **Seat Belt Procrastination**

by Tom Endy

## **Seat belts save lives:**

For those of you who have not installed seat belts in your Model A Ford, you might want to read this very carefully. As you may know, there have been several serious accidents reported involving a Model A Ford. One was reported in the October 2002 Bustle that had a less than tragic ending because the owner had installed seat belts. One reported in the Restorer resulted in a fatality (the owner had not installed seat belts). I urge any of you who drive your Model A on the highways to install seat belts.

## **Andover Restraints:**

There is a company called Andover Restraints that is a U.S. manufacturer of seat belts that specializes in the retrofit market. I stumbled onto this company while surfing the internet. I looked at their web site and discovered a very complete catalog of seat belts of every type and color, including various mounting hardware to go with it. I exchanged several e-mails with Andover, and they have graciously offered us a 15% discount on their merchandise. For those of you who have internet access you can view their products at [andoauto.com/seat\\_belts](http://andoauto.com/seat_belts). You can also contact them by phone at 410-381-6700 Monday through Friday 9-6 EST. Their mailing address is;

**The Andover Co. Inc.**

**P.O. Box 2651WS**

**Columbia, MD 21045**

## **When ordering seat belts:**

The way it works is when one of our members calls they must reference **account number 300**. This number has been assigned to the Victoria Association. When the office does the invoice it will show the order sold to the Victoria Association, but billed and shipped to the person who actually places the order. If you need to check order status, etc, you must also mention account number 300. Andover also advised that the 15% discount will be reviewed based on sales, which I think means that if there are little or no sales to us they will cancel the account and the discount.

## **Don't procrastinate:**

Do yourself and your family a favor. **do it now.** ☺

# 2003 MAFCA Annual Membership Meeting

## December 4-7, 2003

### Dallas, Texas

Hosted by the Dallas Model A Ford Club

Host Hotel: Dallas Marriott Hotel at Las Colinas

223 West Las Colinas Boulevard

Irving, Texas 75039

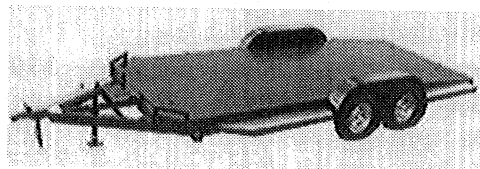

972-831-0000

You may make your own reservations by calling: 1-800-228-9290, calling the hotel direct, or on the web: [www.marriott.com/dalcl](http://www.marriott.com/dalcl). The group code for room with breakfast is DALDALA, for room without breakfast is MODMODA, which will get our special rates.

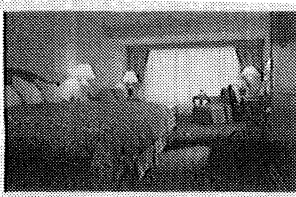

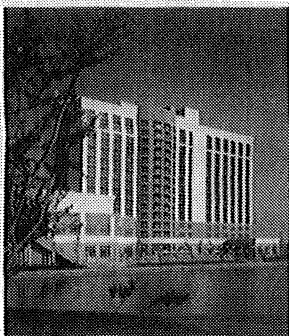

Rates: \$99.00 per room, including daily hot breakfast buffet for 2, or \$82.00 per room without breakfast. Breakfast coupons may be purchased by all registrants for \$11.00 each on site with registration ID.

#### RAFFLE TICKETS FOR SALE

16' Car Hauler, donated by **Prime Trailer Products** of McKinney, Texas, w/electric brakes, dove tail, bull-dog coupler, dual axle, spare tire & mount, rear slide-in ramps, tie-downs for Model A, ++. Value \$2,400. Tickets \$5 ea/5 for \$20. Raffle held 12/6/03 in Dallas. Attendance not required. Make checks payable to: Dallas Model A Ford Club (DMAFC). Send to: Jill Sullins, 6809 Saddletree Trail, Plano, TX 75023 (972)491-2770 [jsullins\\_ny@hotmail.com](mailto:jsullins_ny@hotmail.com)

Trailer built and donated by: member Gary Norris, **Prime Trailer Products**, McKinney, Texas (972) 562-6544  
[www.primetrailers.com](http://www.primetrailers.com)

In-room amenities include coffee, hairdryer, iron/ironing board, and 2 data ports. The hotel features a complimentary health club with state of the art exercise equipment, indoor heated pool, whirlpool, and lakeside sun patio. Complimentary transportation vouchers for Super Shuttle (a \$32 value), will be provided upon receipt of flight information.

#### FACILITIES:

The Dallas Marriott Hotel at Las Colinas is 3 years old, with 361 guest rooms, overlooking Lake Caroline in Irving, Texas. Guest rooms feature pillow-top mattress, down duvet comforter, and down surround pillows.

**AGENDA:** The agenda is described on the Schedule of Events Form and includes MAFCA Board Meeting, breakfast and discussions with the MAFCA Board, a workshop, seminars, Era Fashion Committee Meeting, great tours, fashion show, special ladies' swap social, hospitality and socializing to the theme of the Great Gatsby. Tours include outlet shopping, indoor mini grand prix racing, antiquing, a great Christmas show, and driving on the Texas Motor Speedway. A spectacular 20's Speakeasy Welcome Dinner is planned for the Movie Studios at Las Colinas, so get your feathers and spats together.

**REGISTRATION:** Use the Registration Form and Schedule of Events to sign up, indicating which of the various events you will be attending. Be sure to order your trailer raffle tickets, too!

**926 S. Bundy Dr. Los Angeles, CA 90049**  
**310-207-0653**

### **For Sale: (Victoria parts)**

Rear splash apron (fiberglass) for '30-'31 Victoria. Nice piece \$150. plus shipping. Bill Thomas  
812-867-5545 or e-mail [bltbalsam@aol.com](mailto:bltbalsam@aol.com)

### **For Sale: (Victoria parts)**

Rear spare wheel mount for a 1931 Victoria, marked: A-1414, original paint, never repainted, a little rust on back where it mounts to the car - the best I have seen. \$50.00 plus shipping. Also, a chrome luggage rack 35" x 14" with wooden slates, made by W.C. Christensen, a fabricator of excellent quality. \$100. plus shipping. Myron Brennan 508-362-4946 or e-mail [brennan22@attbi.com](mailto:brennan22@attbi.com)

### **For Sale: (Victoria parts)**

I just picked up a very nice all steel rear splash panel for all Victoria's. I also have the rear floor panel with the tail panel over the rear spring (with hinges). These are outstanding original condition parts. I also have the passenger seat frame, 17" for an early December 1930 to April 1931 Victoria. They will be a little pricey but reasonable. As you know these are hard to find items and are not reproduced. The splash panel is the first one I have had. Buddy Frazier 804-932-3330 (Georgia).

### **For Sale: (Victoria parts)**

I am making parts for the front seats of the early Victoria's. I have made these parts to be as close to original as possible, and in some cases you would not be able to tell the difference. The prices for these parts range from \$10. to \$65. You can view these parts on my web page <http://www.geocities.com/movieposterguy/phaeton-seatparts.html>. I can also be contacted at 940 Wainwright Drive, San Jose, CA 95128  
Chris Lindquist 408-295-8813

### **Wanted: (Victoria)**

I am in the market to buy a Model A Ford Victoria. Please contact me at 714-963-2724 or e-mail [lgmcspeed@earthlink.net](mailto:lgmcspeed@earthlink.net) Larry McKinney  
Fountain Valley, California

## ***More Charlie!***

### **Original members:**

Sid Gough of Canada has asked how many of the original members (1986), are still members. There are five. **Charlie Viosca, Jerry Bengel, Bill Cilker, Doc Ingwersen, and Marshall Lewis.** Did I forget anyone?

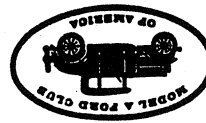

### **Speedometer overhaul:**

Some of the members might like to know of a place to have your speedometers overhauled. A member of the Dallas Model A Ford Club, Chuck Bertsche, has overhauled several of mine. He does a very good job and has sent them all over the world. I mention this because many members do not know where to get them overhauled. You can contact Chuck by e-mail [tudor1@flash.net](mailto:tudor1@flash.net), or 972-231-5019. Chuck's address is 1224 Navaho Tr. Richardson, TX 75080.

## ***On The Cover!***

Frank Young's Victoria Leatherback is seen on the front cover gassed up and ready to go. See Frank's feature article on page 8. ☺

*International Model A Ford  
Victoria Association*

The International Model A Ford Victoria Association is a body style chapter of the Model A Ford Club of America and a region of the Model A Restorers Club. The association was founded in 1986 at Frisco, Texas by Charlie Viosca. The purpose of the association is to aid the membership in the authentic restoration of the Model A Ford A-190 Victoria body style. To achieve the purpose this periodic newsletter is published for the association membership. The intent is to furnish accurate and complete information concerning the Model A Ford Victoria body style. Permission to reprint or quote from this publication is expressly given provided acknowledgement and credit is given to the author and to the publication.
